## Ironwood Plastics Engineering Scholarship Application

This \$1000.00 scholarship is for all seniors going into an engineering field with a minimum GPA of 3.25. Students should be accepted to an accredited engineering school such as Michigan Technological University, Northern Michigan University, Ferris State University Wisconsin Stout, or University Wisconsin Platteville. (*Students who plan to attend GCC before transferring are welcome to apply*). Ironwood Plastics is looking for well rounded employees and feel students should be involved in many aspects of school as practical.

Please fill out this form and return it to (all applicants are confidential):
