

Hi, I'm Jackie Rowe and I am happy to say I have the best job of teaching little humans. I feel very strongly about the connection between school and family and that communication is of great importance in the success and development for my students. I have been teaching Pre-k---Great Start Readiness Program at Sleight School for 9 years. I also taught at Head Start for 6 years before returning to school. I have a bachelor degree in Elementary Education/Early childhood from Northland College and a master's degree in Early Childhood Education from Northcentral University. I am a mom to 2 amazing children, Bryant and Jaye. I love being outside, running, and learning from my little school friends each and every year.
