

I am Mrs. Moore and I currently teach fourth grade. Previously I have taught a kindergarten reading program and fifth grade. I have been working for the Ironwood schools since 2009. I grew up in Ironwood and went to college at Northern Michigan University. After graduation I came back to Ironwood to substitute teach until I found a job. Luckily I was able to get a job here within 2 years and I've enjoyed being able to stay in the area.

In my classroom I enjoy having fun and making sure that every kid feels like they are a part of our group. I encourage kids to ask questions and remind them frequently that if they have the question, there is probably another student who has the same question but is too shy to ask. I also like to feel like my students can relate to me. I remind them that I make mistakes on a daily basis and I understand when they need help. I am open with them if I'm having a bad day, for any reason, and encourage them to be the same with me. In the classroom I enjoy the "lightbulb moments." It is fun to see someone struggle and all of a sudden have it click that they know how to do it!

Out of school I love going on my side by side in the summer and crocheting, or crockshaying as I call it, in the winter. I also enjoy spending time with my friends, family, and my dog Buddy.
