

Currently I teach kindergarten through second grade Title 1 reading. I have worked for Ironwood since 1996, starting as a substitute teacher and then hired on full time in 1999.

My husband and I married in 1995 and I grew up between Washburn and Bayfield, WI. Growing up near Lake Superior has parlayed into a lifelong love of our greatest lake. I love to pick agates, read, the arts, and TRAVEL!

Since my college graduation from UW-Eau Claire in 1991, I have had a love of learning and using that knowledge in my classroom. It's always a pleasure to meet new students and work with them and their families. My goal is to continue to grow in wisdom, compassion and caring for the children I serve.
