

My name is Sheila Rubatt and I grew up in Montreal, WI and have now lived in Ironwood for almost 20 years. I am currently teaching kindergarten and loving every minute of it! I taught preschool for 12 years and loved that as well. I absolutely love teaching this age children and can't imagine doing anything else. Children at this age are like sponges, they absorb knowledge quickly and fully. They are not afraid to make mistakes and take great pride in their work. They have no judgements and treat everyone in the classroom equally; just another reason I adore this age. Every child has the ability to be successful and, as a teacher, I enjoy bringing the excitement about education into their lives and celebrating every success, no matter how small.

I first attended Gogebic Community College where I obtained my Associates Degree in Early Childhood Education and found my passion. I then attended Northland College in Ashland, WI where I obtained by BA in Elementary Education with an emphasis in Early Childhood.

I have 2 children of my own who challenge me every day as well; my son who is in the 8th grade and my daughter who is in the 4th. I spend most of my free time with my family and love to go on vacation with them; we always have the most interesting times! In the summer we are like fish in the water; lots and lots of swimming. We also enjoy biking and taking walks. In the winter we love to ski and ice skate.

The children are teaching me so much this year, their enthusiasm for learning is very contagious!
