

Hello to Everyone.

My name is Ted Sim and I have been teaching History here at LL Wright since 1991. Before coming to LLW I taught at Bay City Central High School.

I grew up on Manitoulin island in Ontario and graduated from Lake Superior State University in 1982 with a double major in history and Criminal Justice. It is also where I met my wife Judy and we have been married since 1985. We have two sons both graduates of LLW and 1 grandson Evan and we are awaiting the arrival of our first granddaughter in January. In my spare time I officiate soccer and hockey and spend my time in our garden and working with our chickens and bees and camping when we have the opportunity.

I believe that our students can achieve whatever goals they set for themselves and I am here to help them but that it takes commitment and hard work on everyone's part.
